

PROMA

CATÁLOGO

ABRE UNA VIDA MEJOR

OPEN A BETTER LIFE

Desde 1989, PROMA ha sido el comienzo de nuevas historias.

En Villacañas, Toledo, combinamos la tradición artesanal con la innovación tecnológica para crear puertas que no solo conectan espacios, sino que abren caminos hacia una vida mejor.

Cada puerta que fabricamos refleja nuestro compromiso con la calidad, la sostenibilidad, el diseño y la inclusión.

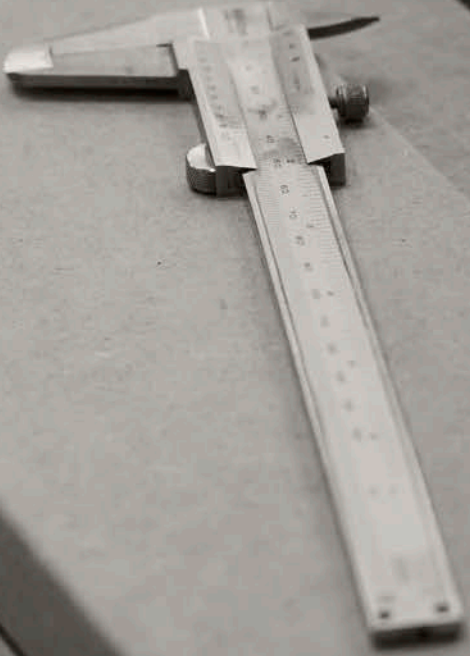

Transformamos espacios, conectamos generaciones y construimos un futuro donde cada puerta es el inicio de algo extraordinario.

Since 1989, PROMA has been a new beginning for many stories.

From Villacañas, Toledo, we merge artisanal craftsmanship with cutting-edge technology to create doors that do more than connect spaces—they open pathways to a better life.

Every door we design reflects our unwavering commitment to quality, sustainability, design and inclusion.

We transform spaces, connect generations, and shape a future where every door marks the beginning of something extraordinary.

CALIDAD Y ESTILO EN CADA DETALLE

QUALITY AND STYLE IN EVERY DETAIL

Fundamentada en el compromiso con las personas, los materiales y el entorno, en PROMA, cada puerta que fabricamos refleja nuestra manera de entender el mundo: cuidando los detalles, innovando con propósito y respetando el legado artesanal que nos define.

Desde Villacañas, Toledo, fusionamos tradición y tecnología avanzada para garantizar que cada puerta conecte espacios y transforme vidas.

Este compromiso va más allá del producto; trabajamos con materiales sostenibles provenientes de cadenas de custodia certificadas y adoptamos prácticas responsables que minimizan nuestro impacto ambiental, contribuyendo así a un futuro más sostenible.

Para nosotros, la calidad no solo implica excelencia técnica, sino también crear soluciones que sean duraderas, funcionales y que cuenten historias. Esta visión nos impulsa a evolucionar continuamente, conectando generaciones y construyendo espacios únicos que reflejan la confianza y el compromiso de PROMA.

At PROMA, each door we manufacture is rooted in our commitment to people, materials, and the environment. Our approach to the world is reflected in our doors: we pay attention to every detail, innovate with purpose, and respect the craftsmanship legacy that defines us.

From Villacañas, Toledo, we blend tradition with advanced technology to ensure that every door connects spaces and transforms lives.

This commitment goes beyond the product; we work with sustainable materials from certified supply chains and adopt responsible practices that minimize our environmental impact, contributing to a more sustainable future.

For us, quality is not just about technical excellence; it's also about creating lasting, functional solutions that tell a story. This vision drives us to evolve continuously, connecting generations and building unique spaces that reflect the trust and commitment of PROMA.

REDEFINIENDO ESPACIOS

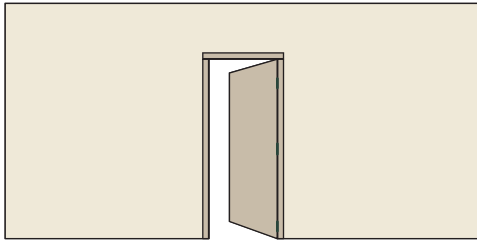

REDEFINING SPACES

Creamos puertas capaces de satisfacer cualquier tipo de necesidad.

Con un enfoque en la calidad, el diseño y las soluciones integrales, redefinimos cada espacio en uno que refleja funcionalidad y estilo, adaptándonos a los requerimientos únicos de cada proyecto.

We create doors capable of meeting any need.

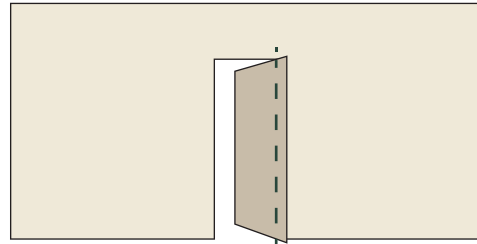

With a focus on quality, well-thought-out design, and integral solutions, we redefine every space so as to reflect the unique style and functionality required by each project.

BATIENTE / HINGED

Puerta con tapetas, instalada con bisagras para apertura hacia la izquierda o la derecha.

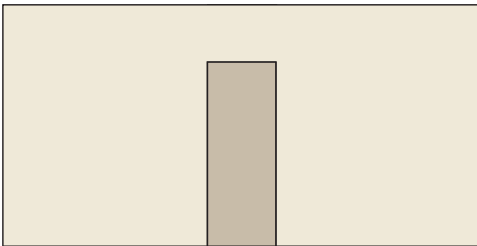

Door with mouldings, installed with hinges for left-hand or right-hand opening.

PIVOTANTE / SWIVEL HINGES

Puerta con bisagras pivotantes.

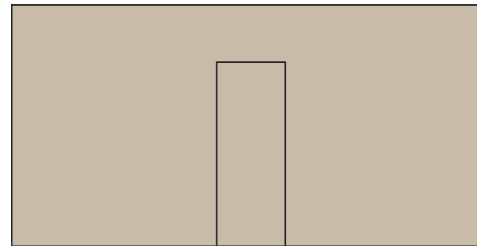

Door with swivel hinges.

RASOMURO / FRAMELESS

Puerta diseñada para quedar a ras de pared sin marcos visibles.

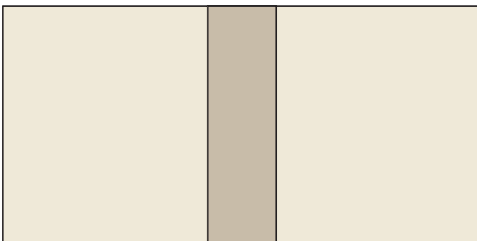

Door designed to be flush with the wall, without visible frames.

PANELADA / FLUSH TO WALL PANELLING

Puerta a ras de panel, que se integra perfectamente con el panelado del muro.

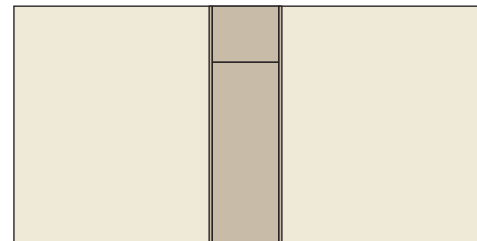

Flush panel door, seamlessly integrating with the wall panelling.

SUELO-TECHO / FULL HEIGHT DOOR

Puerta sin marco superior visible que abarca toda la altura del espacio.

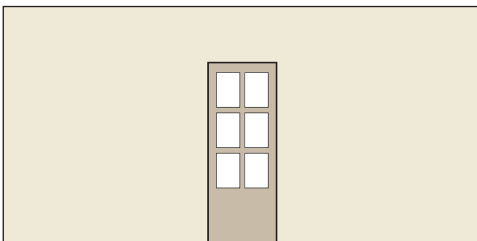

Door without visible upper frame which reaches the full height of the space.

FIJO SUPERIOR / OVERHEAD PANEL

Puerta batiente que gana altura con fijo superior.

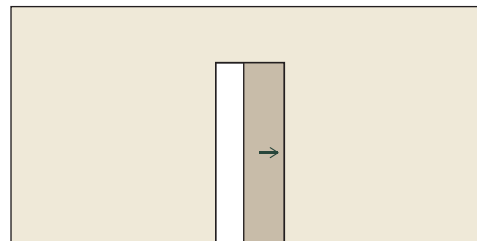

Door flush to the wall incorporating an overhead panel to extend height while maintaining the design.

VIDRIERA / GLAZING DOORS

Puerta vidriera instalada con bisagras y que permite al paso de luz entre espacios.

Door with glass which allows light to pass naturally between spaces harmoniously.

CORREDERA / SLIDING

Puerta corredera deslizante diseñada para optimizar el uso del espacio.

Sliding door designed to optimise the use of space by smooth, horizontal movement.

LA SOLUCIÓN PERFECTA

THE PERFECT SOLUTION

Los accesorios están diseñados para completar proyectos con soluciones completas.

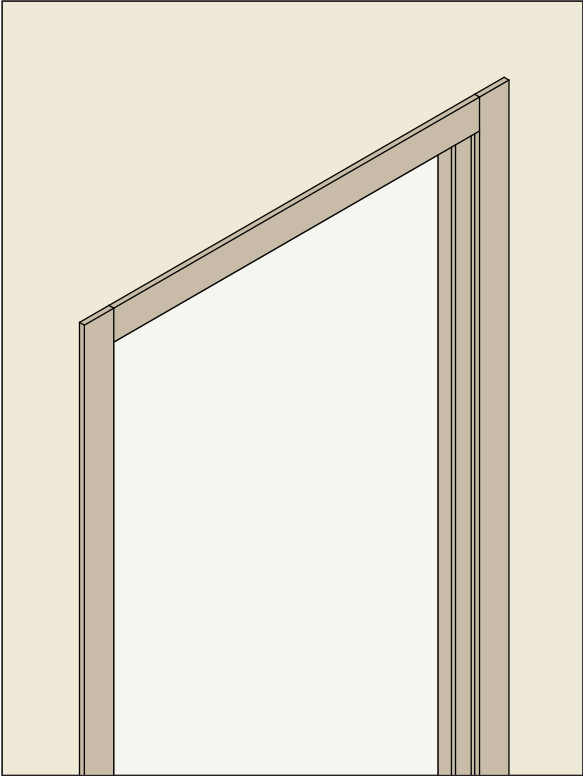

Cubren necesidades de instalación, diseño y apariencia, garantizando integración y funcionalidad en cualquier espacio.

Desde molduras hasta rodapiés, cada elemento aporta estilo y eleva el diseño de tus ambientes.

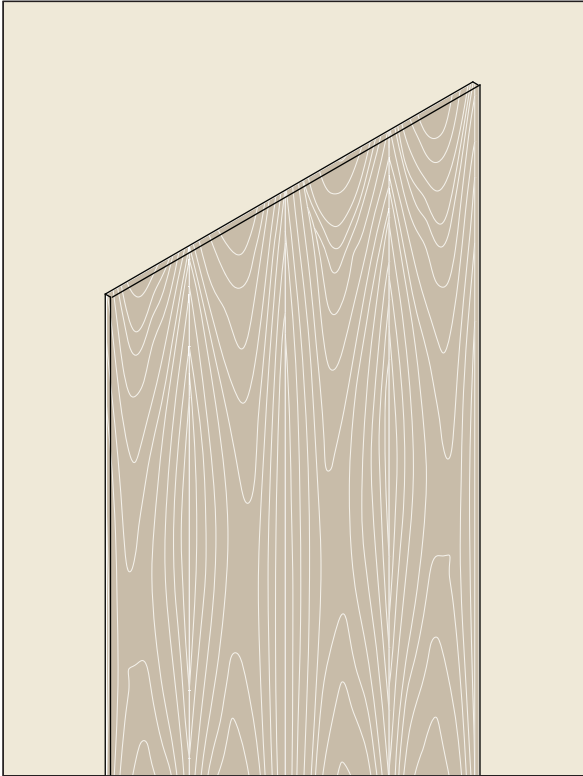

Accessories designed to complete your projects with tailored solutions.

They meet all installation, design, and appearance needs, ensuring harmonious integration and functionality in any space.

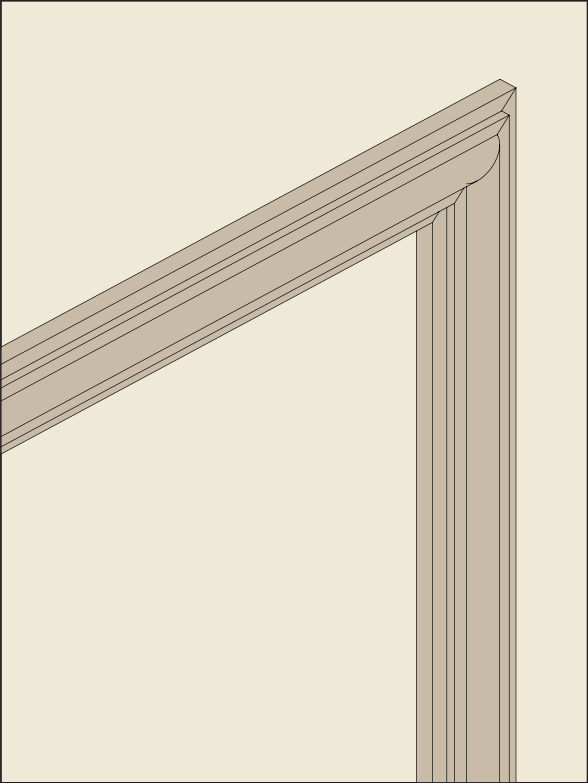

From mouldings to skirting, each element enhances style and elevates the design of your ambiances.

MADERA WOOD

CONSTRUIDO PARA LA EXCELENCIA

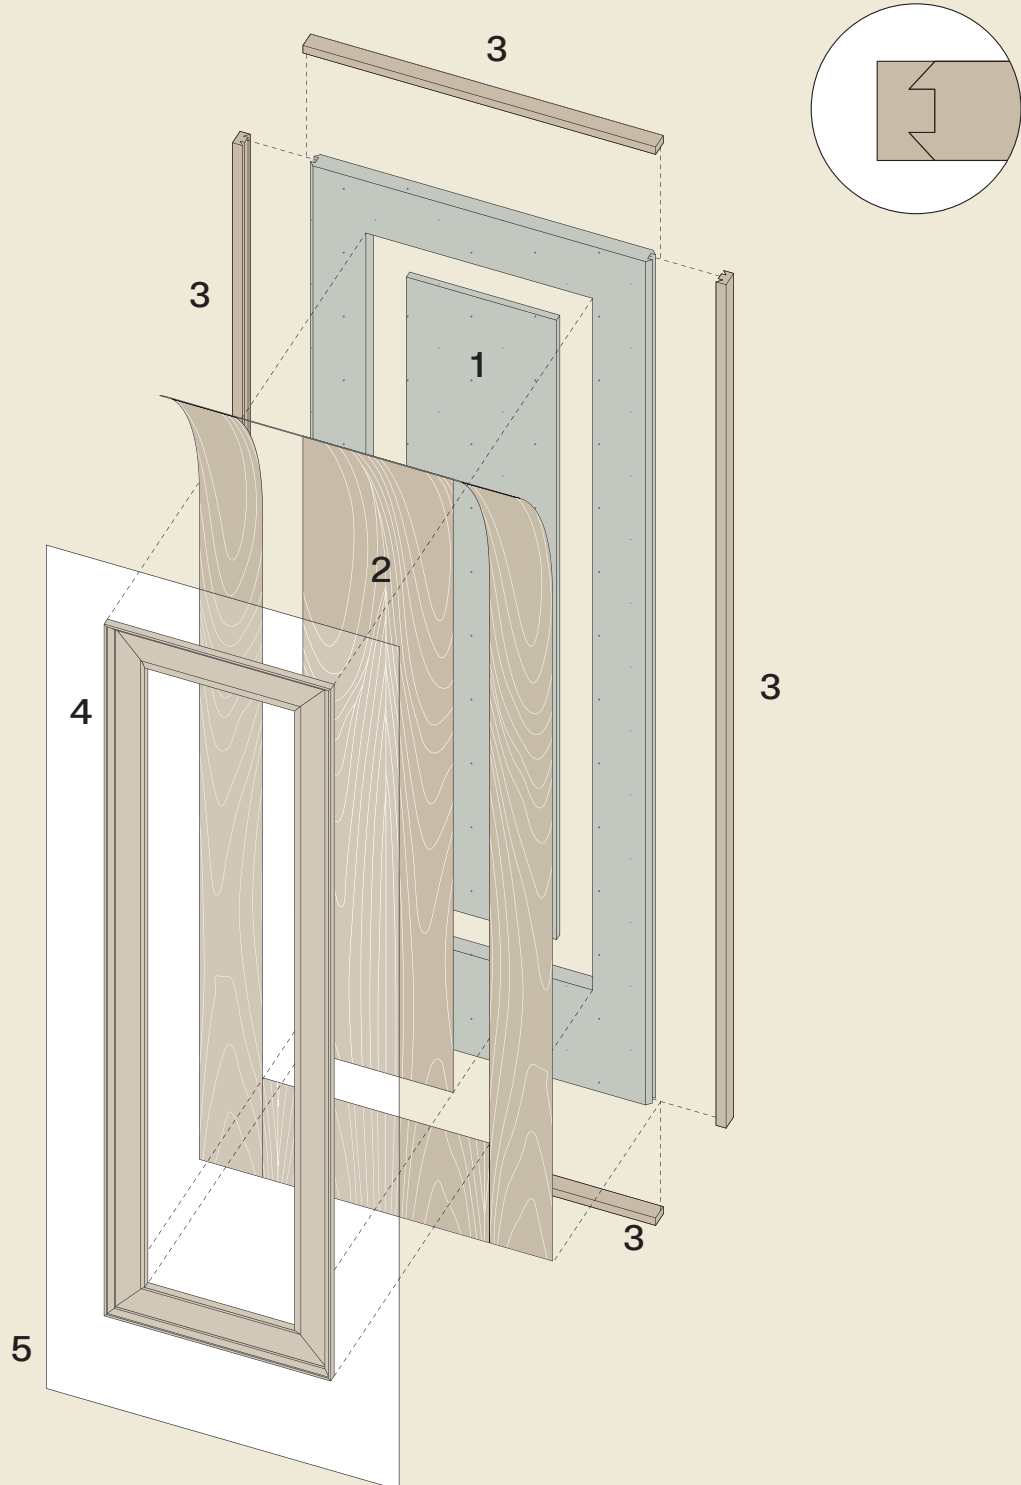

BUILT FOR EXCELLENCE

1. Alma Maciza: Garantía estructural, acústico, cortafuego.
2. Chapa Madera Primera Calidad: Madera natural seleccionada de bosque sostenible.
3. Recercado: En madera sólida, igualado a la chapa para evitar variaciones de tono y garantizar un acabado refinado.
4. Moldura o canal macizo: misma madera para evitar cambios de tono.
5. Barniz UV: resistente al rayado, filtro UV para evitar cambio de tono a través del tiempo.

1. Solid Core: Provides structural integrity, soundproofing, and fire resistance.
2. Premium Wood Veneer: Natural wood selected from sustainable forests.
3. Edge Banding: Solid wood edge, matching the veneer to prevent tonal variations and ensure a refined finish.
4. Moulding or Solid Channel: Made from the same wood to avoid color differences and provide a smoother finish.
5. UV-Coated Finish: Scratch-resistant with UV protection to prevent color fading over time.
